Assessing Suicide Risk

Would you recognize suicidal behavior in one of your patients and know how to intervene? We'll give you practical, potentially lifesaving guidelines you can follow. http://www.nursingcenter.com/prodev/ce_article.asp?tid=788248

A Year in Review: CFS Efforts Help Increase Florida's Suicide Prevention Activities

University of South Florida, Children and Family Studies

Over two thousand of Florida's citizens annually take their lives. This is more than twice the number of people murdered and two-thirds the number killed in highway accidents. In 2005, Florida ranked 3rd highest in the nation for number of suicide fatalities. <http://cfs.fmhi.usf.edu/news-detail.cfm?NewsID=516>
